

Lunchtime Activities

The Lunchtime Activity program at Warragul Regional College provides an opportunity for students from all year levels to interact in a hobby or interest of their choosing.

Staff at the school are open to hearing suggestions from all students about what activities they would like to see running.

The activities list will be updated each term based on student's needs and interests as well as the seasons.

Sporting activities provide students an opportunity to train for interschool sports as well as keep fit, while others such as board games provide a quiet space.

All participation is optional, but signing up will never be boring.

	Monday	Tuesday	Wednesday	Thursday	Friday
Option 1	Minecraft	Board Games STEAM	News Paper B corridor Conference Room	Board Games STEAM	4 Square E corridor courts
Option 2		Tractor Club			
After School			English Club	Maths Club
