The underlying concept expressed by the logo is that of dynamic youth emerging from a rural origin.

The horizon of the ploughed field points to the heart of youth as a gesture of the direction and input that the college gives into the lives of its students.

The human form has one hand leading into the future with the other held out calling others to participate.

The fluidity of the posture reflects the college's inclination toward the performing arts.

The burgundy alludes to the rich red soils of the area, while the navy blue speaks of the wide open spaces of the future.

The figure in the logo is stepping forward from the white space (the innocence of childhood) and out into the wider community.

The school motto "Participation and Excellence" reinforces the standard that the school aims to encourage.
