Considering a career in carpentry?

Learn the fundamental skills needed to start your trade career!

Building and Construction Course

➤ COURSE TYPE:	VET delivered to Secondary Students (VETDSS)
➤ COURSE CODE:	22338VIC
➤ NOMINAL HOURS:	431
➤ DURATION:	2 year program part-time whilst at school (excluding school & public holidays) 1 day per week (4-6 hours)

Course Description

This carpentry course provides you with broad knowledge and practical workshop skills including:

- Safe handling of selected hand and power tools
- Interpreting documents and plans

- Building structure components

On completion, if you choose to continue into a building or construction apprenticeship, your completed units will count towards your qualification.

Career Opportunities

After successfully completing this course, you will be well equipped for various jobs such as:

- Construction Assistant
- Trades Assistant
- Builder's Labourer

Entry Requirements

You will need:

- To be aged 15 years or over
- To be currently completing a senior secondary program VCE or VCE VM
- To spend at least one day per school week on timetabled training
- Sufficient communication, literacy and numeracy skills

Recognition of Prior Learning (RPL) and Credit Transfer

If you have skills or knowledge gained through previous study or relevant experience, you may be eligible for Recognition for Prior Learning and/ or Credit Transfer.

This would reduce the amount of training needed to complete the course, and will be discussed with you during the pre-training review.

We tailor training for people from diverse backgrounds, including those with disabilities, and encourage all to apply.
