If you enjoy working with wood, designing furniture, and constructing kitchens and cabinets, this furniture making course could help turn your interest into a career path. The course is suitable for starting a career in the cabinet and furniture making industry, or for those wanting to develop their own furniture and cabinet making skills. You will learn about safety in the workplace, how to read documents, and how to make accurate measurements. You will participate in a simulated workplace on campus and discover what it means to communicate and work within a team environment. Learn to plan, cost, and calculate before you begin a job. Create furniture using hand tools, power tools and wood working machinery.
